### Dazzle Cheer Guidelines and constitution

By being a member of Dazzle Cheer, I am privileged to be on an elite and competitive Cheer team. I agree to always be positive in class and listen to the instruction given by my coaches. Also to know that the criticism coming from my coaches is to help improve me as a Cheerleader. I should listen to them and fix, and practice those things my coaches bring to my attention so I can help myself and my team improve. I also understand that when my coach is critiquing and fixing our routines she isn't being mean she is just helping me become the best that I can be. I also understand that because I am on an advanced team, I should come prepared to learn and by doing so I will always be on time, have my hair pulled back, wear correct practice clothes, or the clothes ordered for the team for practice. I will always be modest and remember my cheer shoes every practice. I realize it is important for me to come prepared so that I am not distracting and so that I can get the most out of my time at cheer. I understand that by being on a competition team classes are taken very serious and there is a time for talking and a time for listening. I will always listen to my coaches and know that classes should be taken seriously, and I am expected to work hard. I also understand that by being on a competitive team the classes are harder and more time consuming than a regular recreation Cheer class. I will also come to class on time I realize that it is very important to be on time and not miss any Cheer practices so that I will be prepared and my team will be prepared for competition. I realize that from January to May during the cheer comp season it is very important that I do not miss any practices because of competition season being at this time. Also if I am sick I am required to still come to class and sit and watch practice in case of changes that are being made in routines. Unless I am contagious. Also if I am contagious or have sprained or broken bones I need a Dr. note to sit out. Also if I am going to miss due to vacation I need to contact my coaches in advance to let them know I will be missing class. I am not allowed to miss competition unless of an emergency. The cheerleaders work to hard all year to have a team mate not come to competition. There is sometimes extra practices arranged during competition season and I am required to be at those practices even if they are scheduled last minute. I also understand that I should say nothing rude or crude to my team mates, and that I need to have a positive attitude at practice and towards my team. I will work hard to work as a team and I know if I work hard with my team we will do great at competition, and I will have a great experience being on Dazzle Cheer. So by signing I fully understand Dazzle Cheers Guidelines and Constitution and I agree to everything that has been stated and I will follow these rules and guidelines while I am on Dazzle Cheer!
